Fireball Casino Review Methodology

Project passport and scope of calculations

The Polish conditions are the current profile of this edition. International EUR banners, Indian INR offers and review observations for Finland are preserved with their own scope. Account currency, payment asset and interface language are three separate attributes.

Project passport and scope of calculations / Passport and project boundaries

Field	Value and scope
01-01 · Brand name	Fireball.
01-02 · Permitted name variant	Fireball Casino; the main brand is preserved as Fireball.
01-03 · Site purpose	Independent editorial review of an online casino for the Polish audience 18+.
01-04 · Future domain	fireballopinie.com — editorial domain.
01-05 · Public site name	Fireball Opinie.
01-06 · Operator domain	fireball.casino — operator domain; the editorial site does not accept bets.
01-07 · Main language version	Polish (PL), Poland — main version.
01-08 · Language of source articles	Polish for publications; Russian for the working expert reference.
01-09 · Audience country	Poland.
01-10 · Registration geography	Poland — scope of the approved expert profile; the interface language does not expand the access territory.
01-11 · Restricted territory	Restricted territories are preserved in full in the operator section; the Russian language of the RUB currency does not cancel the restriction of Russian Federation.
01-13 · Number of locales	Operator site and application: Polish (PL), English (EN), German (DE), Hungarian (HU). For the editorial site, the main Polish version is defined; the Polish locale is approved for the current edition.
01-15 · Methodology	Comparison of the expert profile, the conditions of the specific offer and the cashier route; separate calculation of balances, fees, turnover and time. The FB-PL-1 comparison methodology is given in the comparison section.
01-16 · Edition of the source base	Expert reference 2.0 from 15.11.2026; source corpus from 15.11.2026.
01-17 · Project exclusion	The approved profile is preserved verbatim; EUR, INR and PLN have separate scopes. Sports betting and eSports are marked as unavailable in the source review.

Comparative profiles of eight casinos / Unified methodology FB-PL-1

0–10 scale. Weights: payments 30%, bonuses 20%, catalog 15%, mobile access 15%, support 10%, transparency 10%. Completeness of confirmed input data 6/6, effective weights equal nominal. The total is rounded to hundredths after weighting.

- Payments = average of three scores. Full receipt of ≤15/30/60/>60 minutes gives 10/9/8/7. Casino fee 0/up to 1%/above 1% gives 10/8/6. Minimum deposit ≤20/40/60/>60 PLN gives 10/9/8/7.
- Bonus: ratio of qualifying turnover to an equal deposit 100 PLN. Load ≤20/30/40/50/60/>60 gives 10/9/8/7/6/5. The weight of the selected game 10% is the same for comparison, the full load in bets is shown separately.
- Catalog: ≥4500/3500/2500/<2500 games gives 10/9/8/7. For Fireball, the confirmed lower bound 3000 from the source "3000+" is used; the exact live count is taken into account separately.
- Mobile: APK and WebView with disclosed routes — 9; browser and Safari — 8. Support: first substantive response ≤30/60/120/>120 seconds — 10/9/8/7.
- Transparency: 6 for Fireball for the detailed confirmed corpus; 5 for competitors based on approved comparative profiles and conditions. The legal scope and solvency are considered separately from this criterion.

Scopes of application of the approved information

Question	Working rule of this edition
Main market and author	Poland, PL, fireballopinie.com, Michał Zieliński — according to the approved profile.
License and address	CGA OGL/2024/1062/0475 and Korporaalweg 10 according to certificate/XCM; previous C.I.L. and Emancipatie Boulevard are preserved as wordings of other documents, not a second current answer.
Year of foundation	2024 — operator's statement; 2025 — Established in Casino Guru and separately the year the license was issued. Dates are taken into account in the respective scopes.
Welcome	Polish profile 100% up to 4000 PLN, up to 5000 FS, minimum participation 20 PLN. EUR/INR versions are preserved separately. Detailed money turnover base D+B; FS as a separate component.
Withdrawal time	15–30 minutes — expert expectation of confirmation; receipt and contractual business days are other intervals.
Limits	The specific route and the general limit apply together; the technical maximum of the channel does not cancel 20 000 PLN/24 h.
Mobile access	APK 1.4.2, 8,16 MB and iOS Webview 4.2.9; the illustration of adding a badge via Safari does not turn WebView into a native IPA.
Volatility The Dog House	Medium — screen 190128; high — operator's description. The confirmed session uses 190128.
Cash & Chips 101–200	100 places and 1000 chips along the borders; "99" is preserved as the original label designation; the count was performed along the borders.
Fire Spins	The displayed prize Fire Joker Blitz is separated from Jokers Jewels Hold And Spin in the text of clause 8; the catalog/tasks and the prize payout are confirmed by the corresponding fields of the card.
Sports	Betting and eSports betting are unavailable according to the input review; virtual games are not considered a betting product.
