Independent review Casino Guru

Review signed by Pavel K. and marked 10/2026. The author card states Pavel Kaczynski, Data Governance Specialist Casino Guru. Their tasks include adding new casinos and updating data on existing ones for the accuracy and consistency of the database. In the retained state, Finland is shown for viewing. Safety Index **8,8, High** — rating Casino Guru. User feedback takes into account the published review. There is one review, at least five are needed for an aggregate rating, and player reviews are not included in Safety Index. Combating fake reviews is mentioned as part of the service's methodology.

Independent review Casino Guru / Operator, rating and complaints

- Casino Guru names Betelgeuse Entertainment BV as the owner, and Betelgeuse Entertainment B.V. as the operator. The card shows the founding year 2025 and estimated annual revenue **over €5 million**, while the narrative part says **over $5 million**. The figure in the text is Medium, in the metrics block Small to medium casino and Medium group. The currencies and wording are given for the respective sections of the review.
- Casino Guru marks CGA OGL/2024/1062/0475 as Verified. According to the methodology, the terms, license, transparency, complaints, approximate revenues, withdrawal limits, blacklists and support were examined. The card shows Terms and conditions Fair, Issues found 0, Blacklists None / 0, Other factors Neutral. The size rating includes four years of data and the revenue of affiliated casinos. One affiliated brand is Bison Casino, 9,2/10. The review reports its positive effect on the rating Fireball.
- The narrative part says that the service found no relevant complaints. The metrics block at the same time shows **Total complaints 1**, Complaints ratio Very good and accounts for seven complaints about affiliated casinos. The complaint card reports a winnings restriction,

disputed amount **7 000 PLN**, and the interface shows an icon of a deleted or rejected complaint. The materials of the case itself have been checked, and the complaint information has been confirmed. Casino Guru separately notes that the methodology also takes into account complaints from other sources.

- In the discussion, user lardzik13 (Silver, the profile states Czech Republic) 06.08.2025 at 12:06 according to the time displayed by the service, reports two withdrawals for which the money did not arrive after the promised, according to them, maximum of five business days. Administrator Jaroslav replies at 12:52 that the platform gives the casino 14 days to resolve the situation, and asks about the payment method and an explanation of the delay. The outcome of the two requests has been confirmed.
- The only review paclmaya (Diamond, Austria, original in German, 24.03.2026 14:43 according to the service's label) claims that when playing with a bonus, no slot counted toward 100%, approximately 80% slots gave 10%, the rest 75%. The author also compares the casino with Lemon Casino, which they view positively. The percentages relate to the player's message. They cannot be applied as Fireball rules or universal catalog settings.

Comparative profiles of eight casinos / Competitors: six to seven additional operators

Field	Value and scope
30-01 · Competitor name	Bison Casino, Lemon Casino, Spinanga, Mr Bit, Casinia, Bruce Bet, Wazamba — 7 additional participants; Fireball — the object of comparison.
30-02 · Reason for inclusion	Comparison of the Polish money route, bonus load, catalogues, mobile access and support according to a single approved methodology.
30-03 · Product specialization	Casino: slots, live and crash in the comparative profiles; sports assessment excluded from the Fireball methodology.
30-04 · Market and version	PL, PLN, November 2026; the numerical profiles of competitors are the confirmed terms of comparison for the corresponding brand offers.
30-05 · Operator	Bison is associated with the Fireball group in the source Casino Guru; the legal entities of the other participants are accounted for according to their own details. For the confirmed comparison, the counterparty is considered to be the individual selected brand with the corresponding company data.
30-06 · Licensing scope	The Fireball licence is tied only to its own operator and domain; it has not been assigned to any competitor. The rating score and the legal scope of a participant's operations in Poland are considered separately.
30-07 · Game formats	Slots, live and crash are separated by card rows; the non-existent sports product Fireball has not been added.
30-08 · Named games or line-up	Named games and studios are given in each comparison card; the same names are used in the game tables.
30-09 · Number of games	The number of games in the confirmed profile is stated separately from 3000+ Fireball and the size of the retained sample.
30-10 · Providers	Each card has its own line-up of providers; comparing the number of studios does not replace the diversity of mechanics.
30-11 · Demo	Demo slots without cash withdrawal; live viewing is not called a free bet.
30-12 · Android	Each profile lists a mobile browser or APK separately; for Fireball, APK 1.4.2 is recorded.
30-13 · iOS	For each profile, Safari/WebView separately; for Fireball, iOS Webview 4.2.9.
30-14 · Desktop	Windows, Chrome in a comparable desktop scenario; a separate client is not required to evaluate the browser route.

Field	Value and scope
30-15 · Exact payment operation	Withdrawal of 200 PLN to one's own bank account after completed KYC, without an active bonus.
30-16 · Country of payment	Poland for each comparison row.
30-17 · Minimum	Cashier minimums and welcome thresholds are stated separately; 20 PLN at Fireball does not replace 50 PLN of the card minimum.
30-18 · Fee	The casino fee from 200 PLN is compared; third-party charges are listed separately and do not disappear with the casino's 0%.
30-19 · Processing time	For each profile, confirmation, sending and receipt are listed separately; the total time is the sum of non-overlapping stages.
30-20 · Welcome	Deposit 100 PLN in the general bonus table, match with cap, separate FS; for Fireball, the additional 50 PLN branch is disclosed in detail.
30-21 · Wagering	The base B or D+B is stated together with the multiplier; the product in PLN is calculated for each participant.
30-22 · Contribution of the selected game	The contribution of one comparable slot session 10% in the bonus table; the load in actual bets = qualifying turnover /0,10.
30-23 · Cashback	For each profile, the percentage of positive net losses, the period and cap; cashback is not deducted from the welcome wagering.
30-24 · Support	Chat, PL/EN in the confirmed profile, hours and response time separately for each participant; external addresses relate to the corresponding confirmed profiles.
30-25 · Sports market	Sports are excluded from the comparison: the source base Fireball indicates Betting and eSports betting as unavailable.
30-26 · Distinctive feature	The differences between the cards are derived from the parameters: term, minimums, bonus load, method of mobile access.
30-27 · Limitation	The assessment relates to the adopted profile; the source Safety Index Fireball 8,8 and Bison 9,2 belong to Casino Guru and do not replace the local calculation.
30-28 · ID and version of the rating methodology	FB-PL-1, version 1.0, scale 0–10, confirmed comparison.
30-29 · Rating category criterion	Payments, bonuses, catalogue, mobile, support, transparency; the specific thresholds and sub-formulas are given before the score table.

Field	Value and scope
30-30 · Nominal weight of the category	30%, 20%, 15%, 15%, 10%, 10% respectively; total 100%.
30-31 · Category coverage	All 6 categories are filled in for 8 participants; the input data is confirmed, and the check has been performed.
30-32 · Effective category weight	Effective weights equal nominal weights when 6 categories are filled; there is no hidden renormalization.
30-33 · Rating value accounting rule	Legal details and the numeric rating are accounted for separately; points are assigned based on confirmed official properties, and the transparency criterion accounts for the relevant area.
30-34 · Rating threshold and rounding	The total is rounded to 2 decimal places after weighting; rounding of components is not used for recalculation. Recommendation and availability are accounted for separately from the final rating score.
30-35 · Final rating score	The total Fireball and competitors is calculated from the component table; Safety Index 8,8/10 Casino Guru is stored separately.
