Cashier: methods, amounts, fees and timelines / Withdrawal — methods and aggregate limit

Source	Methods	Min. / max.	Fee
List of PaymentIQ	Bank IBAN (BANKIBAN)	€20 / €2 500	Fee confirmed. In the visible form Bank Transfer €0.
List of PaymentIQ	CoinsPaid (CRYPTOCURRENCY)	€30 / €20 000	Fees recorded. Successful operation confirmed.
Operator configuration	COINSPAID, PAYMENTZ IMPS, BLIK PIQ, MIFINITY EWALLET PIQ, BANK WITHDRAWAL PIQ, PIX PIQ, NAEWE, INTERAC PIQ, SKRILL, JETON WALLET	€25 / €2 500 for each entry	€0 for each entry

Channel parameters and withdrawal conditions. For the bank, the form and PaymentIQ give a minimum of €20, configuration €25. For CoinsPaid, in configuration €25–€2 500, in the list PaymentIQ — €30–€20 000. The overall contract limit applies to all requests together regardless of the channel's technical maximum. FAQ and AML conditions describe a return to one's own card when the details match and to a verified bank account, while in the list of methods PaymentIQ in this session only the bank and CoinsPaid are presented. Responsible Gaming Policy §2.2 prohibits direct use of cryptocurrencies and intermediary/agent accounts. The cashier data note the channel CoinsPaid, and §17.8 requires the exact address and network for crypto withdrawal and places the risk of incorrect data on the player. These formulations retain their scopes of applicability.

The overall limit of requested withdrawals per rolling window of **24 hours** under §17.12 does not apply to each request separately.
